

Company description

People-Based HR - That's what *aconso* stands for

aconso is the inventor of the digital personnel file and market and innovation leader for cloud software in HR document management. Since 2001, the *aconso* group has been setting new standards for a digital HR department with its vision of fully automating HR processes. We enable HR to focus more on the company's most important asset – the employees. With our People-Based HR approach, we commit to putting the needs of our customers and their employees front and center. *aconso* enables efficient collaboration between HR staff, employees and managers, thus reducing the administrative burden on the HR department.

aconso has already paved the way for the digital transformation of more than half of the companies listed on the German DAX index – over 10% of German employees already use *aconso*'s Digital Personnel File. The Many top companies such as Lufthansa, Siemens, Deutsche Bahn, MAN, Rossmann, McDonald's and numerous other companies trust in the company group as well as a lot of medium-sized clients.

Together with *aconso* AG, *aconso* Services GmbH and *aconso* AG in Switzerland, the *aconso* group helps customers digitize document management, document creation, internal communication and personnel data acquisition procedures, including scanning and logistics, thus offering an all-round service from a single source. *aconso* company group enters in a long-term partnership with its customers and accompanies them in their transformation process towards a fully digital HR department.
